The same applies to unsolicited applications.

The data will be erased within the scope of routine erasure implemented by the process owner. Documents in paper form will be destroyed in accordance with data protection regulations.

6. IT security and internal monitoring and investigation

We will protect your personal data with appropriate technical and organisational measures. We use service providers for the maintenance and support of our IT systems. If these have access to your data, they are obliged to maintain data secrecy under corresponding contractual agreements.

We use appropriate processes in order to protect your IT against threats such as malware, hacker attacks and spam. These procedures detect irregularities in the information and connection data exchanged. Irregularities are notified to the corresponding IT bodies so that they can take counter-measures.

In all cases, our internal regulations, statutory provisions and the personality rights of the data subjects are observed.

7. Your rights

Please be prompt in making any necessary changes to your data.

Please be aware that you can withdraw your consent at any time. You also have the right to receive information at any time about the data we have stored about you. If these data are incorrect or, in your opinion, no longer required because the purpose has ceased to exist, you have the right to request rectification or erasure or the restriction of processing. You also have a right to data portability. Furthermore, you have the right to lodge a complaint with your data protection supervisory authority.

Should you have any further questions about how your personal data are handled, you may contact the Data Protection Officer at Gütermann GmbH at any time.
