Successful trade fair appearance: A&E Gütermann impresses visitors at Texprocess

A&E Gütermann can look back on a successful week at the fair, presenting itself as a traditional and experienced manufacturer and partner for first-class sewing thread solutions.

Texprocess 2024, the leading international trade fair for the garment and textile processing industry, took place in Frankfurt am Main from 23 to 26 April. Together with Techtexsil, the leading international trade fair for technical textiles and nonwovens, which took place at the same time, it attracted 1,700 exhibitors from 53 countries. With 38,000 visitors from 102 countries, the organisers recorded a significant increase in visitor numbers of 29 %, underlining the importance of the fair as an innovation driver for future-proof industries.

invention became identity – imagination becomes impact

Founded in 1864, A&E Gütermann has developed into a globally active textile group and is today one of the most traditional and experienced sewing thread manufacturers for first-class sewing thread solutions. This claim expresses the past, present and future of A&E Gütermann.

Invention became identity - Our success is built on passion and pioneering spirit. From the very beginning, our brand has stood for creative solutions and outstanding products in the industrial, automotive and consumer sectors. Sewing thread has been our expertise for 160 years. Sewing thread is not only a design element for apparel, but also a high-tech product, depending on the application and use - from silk to polyester and steel.

Turning our visions into impressive realities - *imagination becomes impact*.

That is our mission. Our direction is the future. The development of new ideas and technologies is and has always been part of our DNA.

Some of our diverse products and applications were showcased in the Heritage, Fashion, Lifestyle, Soft & Fine, Expertise, Mobility and Aramid theme areas. Together with key visuals on A&E Gütermann's core competencies, the stand was a visitor magnet for many customers and new international contacts.

We have had a successful week at the show and look forward to working with you on future projects. See you again in 2026.

About A&E Gütermann

A&E Gütermann is a manufacturer of premium sewing threads for the consumer, industry and automotive sectors. The company is headquartered in Gutach im Breisgau. In total, the company employs about 500 people and produces about 3000 tons of sewing thread per year. The name Gütermann has stood for premium quality for over 150 years. In the textile industry, this means: perfect seams - through uniformity, silky sheen, low hairiness, tear resistance and maximum flexibility. A&E Gütermann produces sewing threads for industrial applications and private end users that are closely geared to customer needs. The standard for this has been set by the master product Mara, which is known throughout the industry for its high quality.

A&E Gütermann operates as part of the Elevate Textiles, Inc. group, which has operations in both the USA, Mexico and China. For more information, visit: [guetermann.com](https://www.guetermann.com) and follow us on [LinkedIn](#).
